ABOUT US

AMAYA Roofing and Waterproofing was established to provide excellent service, workmanship and the best products currently on the market. Our services include: roof repairs, roof evaluations, preventative maintenance, complete reroofs, waterproofing, decking and more. We have experienced, organized and dedicated field and office personnel that provide our customers with superior service.

AMAYA Roofing and Waterproofing uses the finest quality of major brand products currently on the market and is able to provide system guarantees on labor, material and workmanship.

Developing and maintaining lasting relationships with our customers, as well as our affiliations with nationwide and local organizations that are on the frontline of the roofing industry are our top priorities.

The **AMAYA Roofing and Waterproofing** mission is to continue this level of roofing excellence in Las Vegas, NV and surrounding regions.

OUR FOCUS ON SAFETY

At **AMAYA Roofing and Waterproofing** we take our employees' safety very seriously.

To maintain safety goals, training begins on day one of employment and employees complete safety training prior to working on any jobsite.

All employees who are involved with jobsite activities complete monthly safety training and attend weekly "toolbox talks".

In addition to making safety a focus for all of our employees, we have regular auditing to make sure we are aware of the current advances in safety regulations and technology.

Reliable, quality workmanship for all your roofing & waterproofing related needs

INSPECTION REPORTS

Inspecting your roof twice a year can help prevent structural damage to your building and to identify signs of weakness, deterioration and/or potential hazards.

AMAYA Roofing & Waterproofing's trained and experienced professional roofing inspectors will conduct an assessment of the condition of your roof and provide you with an inspection report / project proposal that will include photos of the problem areas and suitable recommended solutions.

Upon completion of your project, you will receive a completion report including before and after photos.
