## SAFETY FIRST

At **AMAYA Roofing and Waterproofing** we take our employees' safety very seriously.

To maintain safety goals, training begins on day one of employment and employees complete safety training prior to working on any jobsite. All employees who are involved with jobsite activities complete monthly safety training and attend weekly "*toolbox talks*".

Additionally, we conduct regular auditing to ensure that we are aware of the current advances in safety regulations and technology.

# What AMAYA Roofing & Waterproofing Customers have to say...

"We have relied upon Jason Gibson to provide quality roofing services for the past 18 years, even transferring the entire portfolio roofing program (3M sq ft) when Jason started Amaya Roofing. Amaya has since restored 75% of our portfolio roofs using the Western Colloid Fluid Applied system and we predict completing the remaining 25% over the next couple years. You don't retain that long of a partnership if the principal is not both thorough and diligent in maintaining our assets.

We find Jason's staff to be considerate when working over occupied space and flexible when scheduling sensitive tenant operations. In my 25 years with this portfolio, I have not had a longer partnership with any other vendor."

- **Leslie S.**

"Amaya Roofing is fantastic to work on our commercial properties.

Not only are they reliable and have great communication, but maintenance is also completed timely and repairs are done correctly the first time (*i.e. not having to make return calls for the same leak twice!*). Another benefit of working with Amaya is that estimates and evaluations are at no charge.

I highly recommend utilizing Amaya for all roofing needs."

- **Heather L.**

"We have utilized Jason Gibson with AMAYA Roofing for decades and am so grateful to have such an amazing roofing partner.

AMAYA has not only replaced roofs for me, but I have utilized them to diagnose and fix my toughest leaks.

The team at AMAYA is friendly, thorough and are always available for questions or that emergency Friday night leak.

I highly recommend AMAYA Roofing!!! "

- **Sunshine B.**

"We have been using Amaya for years and they have never disappointed on quality or service.

Recently, they completed a re-roof for a commercial property I manage and I have to say that this was the best roofing job I've seen, EVER (*especially since we did not specifically request the end result!*).

What ever this touch it is that they have put into their product, then I say BRAVO and keep up the good work!!"

- **Sean M.**

"AMAYA Roofing & Waterproofing has been a valued business partner for a number of years. AMAYA Roofing always provides top notch service, an excellent resource and consistently delivers product that is above expectations."

- **Robin H.**
